AMAZING SCIENCE IN THE KING JAMES BIBLE

25. Reproduction Explained

(Genesis 1:27-28; 2:24; Mark 10:6-8)

While evolution has no mechanism to explain how male and female reproductive organs evolved at the same time, the Bible says that from the beginning God made them male and female in order to propagate the human race and animal kinds.

26. Incalculable Number of Stars

(Jeremiah 33:22)

At a time when less than 5,000 stars were visible to the human eye, God stated that the stars of the heaven were innumerable. Not until the 17th century did Galileo glimpse the immensity of our universe with his new telescope. Today, astronomers estimate that there are ten thousand billion stars - that's 1 followed by 25 zeros! Yet as the Bible states, scientists admit this number may be woefully inadequate.

An Excerpt from the

CHRISTIAN GENTLEMAN'S HANDBOOK

It is not polite to talk about one's diet at the table.

If a gentleman is the first served at the table, he waits for at least one other person to be served before he begins.

If others are served before him, a gentleman encourages the others at the table to begin without him.

Wife: "Whatcha doing today?"

Husband: "Nothing."

Wife: "You did that yesterday."

Husband: "I wasn't finished."

VICTORY VERSES (WOMEN) MARRIAGE PROBLEMS

*"That they
may teach the young
women to be sober, to
love their husbands, to love
their children, Titus 2:4*

Proverbs 31:12

*"She will do him good
and not evil all the
days of her life.*

What is your "besetting sin"?

Do you have any verses memorized to help overcome it?

Jesus quoted Scripture when He faced temptation. We should too! (Matthew 4:1-11; Ephesians 6:17)

A girl dressed in a white wedding gown rushed toward the first tee, confronting a guy ready to tee off.

The golfer notices her, turns toward her and says, "I told you, if it rains!"
