57. Each Star is Unique (1 Corinthians 15:41) Centuries before the advent of the telescope, the Bible declared what only God and the angels knew - each star varies in size and intensity!

### 58.Light Can Be Sent, and Manifest Itself in Speech (*lob* 38:35)

We now know that radio waves and light waves are two forms of the same thing - electromagnetic waves. Therefore, radio waves are a form of light. Today, using radio transmitters, we can send "lightnings" which indeed speak when they arrive.

An Excerpt from the

Christian Gentleman's Handbook.

When introducing the following, first names should not be used: a superior in business, a business client or customer, a person of higher rank, an older person.

It is proper to introduce a stepmother or stepfather by indicating the relationship: "Mr Green, I would like you to meet my stepfather, Mr Harold."

## Victory Verses: Delusion

"For if a man think himself to be something, when he is nothing, he deceiveth himself. Galatians 6:3

Romans 12:3 "For I say, through the grace given unto me, to every man that is among you, not to think of himself more highly than he ought to think; but to think soberly, according as God hath dealt to every man the measure of faith."

The psalmist said, "Thy word have I hid in mine heart, that I might not sin against thee." (Psalm 119:11).

There are 10,000 Independent Baptist and Southern Baptist missionaries in the world today. There are 7,000,000,000 people. That's 1 missionary for every 700,000 people.

Pray the Lord of the harvest that He would send more

laborers. Give to missions!
