Contenders for our Country

SIGNERS OF THE DECLARATION OF INDEPENDENCE

Signer #7: John Hancock (1737-1775)

Massachusetts. Age at signing: 39

Married: Dolly. 2 children. **Occupation:** Merchant

Quotes & Notes:

Charity was the common business of his life. Hundreds of families, from his private benevolence, received their daily bread; and there is, perhaps, no individual mentioned in history, who has expended a more ample fortune in promoting the liberties of his country. (from Sanderson's biography)

To those who inflicted the Boston Massacre, Hancock said: "The eye of Heaven penetrates the darkest chambers of the soul; and you, though screened from human observation, must be arraigned, must lift your hands, red with the blood of those whose death you have procured, at the tremendous bar of God."

Hancock's signature on the document is the largest and most famous. Today to "sign your John Hancock" means to affix your autograph.

He was the son of a gospel minister. His daughter Lydia died at age one, and his son John died at age 8 when he fell ice skating and stuck his head on the ice. John Hancock suffered physically most of his life and died at the age of 56. Yet through his suffering, God showed Himself strong.

Creation vs Evolution

THE ALTOGETHER MISSING EVIDENCE:

1. No Evolution at present
2. No new species
3. No known mechanism of evolution
4. No fossil evidence
5. No recapitulation or vestigial organs

"As a matter of fact, however, it may be stated categorically that no archeological discovery has ever controverted a Biblical reference."

- Nelson Glueck, *Rivers in the Desert*, 1959, p 31 Palestinian archeologist

"I myself am convinced that the theory of evolution, especially the extent to which it's been applied, will be one of the great jokes in the history books of the future. Posterity will marvel that so flimsy and dubious an hypothesis could be accepted with the incredible credulity that is has."

-Malcom Muggeridge, journalist and philosopher, Pascal Lectures, University of Waterloo, Ontario, Canada

"In fact, evolution became in a sense a scientific religion; almost all scientists have accepted it, and many are prepared to 'bend' their observations to fit with it."

-HS Lipson, FRS Professor of Physics, University of Manchester, UK in " A Physicist Looks at Evolution, " *Physics Bulletin*, vol. 31 (May 1980) p 138

"Evolution is a fairy tale for grownups. This theory has helped nothing in the progress of science. It is useless."

-Professor Louis Bounoure, Former President, Biological Society of Strasbourg, Director of the Strasbourg Zoological Museum, France

"Evolution is unproved and unprovable. We believe it only because the only alternative is special creation, and that is unthinkable."

-Sir Arthur Keith (He wrote the forward to the 100th anniversary edition of Darwin's book, *Origin of Species* in 1959. How sad and how biased!)

"Scientists who go about teaching that evolution is a fact of life are great con-men, and the story they are telling may be the greatest hoax ever. In explaining evolution, we do not have on iota of fact."

-Dr TN Tahmisian, Atomic Energy Commission, USA

Today is Creation Day

To counter a movement that began in 2006 where "Pastors" and "Christian" churches began celebrating Evolution Sunday in honor of Charles Darwin's 200th birthday. Churches sure are full of apostasy today!

Is Creations really viable today, and scientific? Keep your ears open. Come back tonight!

February Events

27, Friday: First Teen Tri-State of 2015. Grace Baptist, Medina NY. 7pm. Dr John Goetsch to speak. Drivers needed. Leave the church at 6pm.

2015 THEME: CONTEND

"Beloved, when I gave all diligence to write unto you of the common salvation, it was needful for me to write unto you, and exhort you that ye should earnestly contend for the faith which was once delivered unto the saints." Jude 3
